

Fisherman's Wharf, home of the fishing fleet and known throughout the world for fine restaurants, is the high point of the revitalized northern waterfront — served by two Muni cable car lines and three bus lines.

One of Golden Gate Park's many treasures is the respected California Academy of Sciences with its planetarium, aquarium, and natural history exhibits.

Muni has equipped its electric trolley coach fleet, largest in North America, with 345 clean, quiet and powerful "Flyers" like this one shown on Jackson Street.

Muni's Cable Car Barn, home of the cable cars, now boasts a unique transit museum. Its gift shop is the exclusive source of many authentic souvenirs. These attractions are operated by the Railway and Locomotive Historical Society under contract with the San Francisco Public Utilities Commission.
